TOWN COUNCIL MEETING

TUESDAY, JUNE 7, 2016 AT 6:00 PM

Council President Kevin Burk called the meeting to order with Doyle Allison and Richard Hadley present. Vice-President Amy Brown and Member Dirk Studebaker were absent.

The Council held the Hearing on Disconnection of Utilities. No residents were present. Richard Hadley made the motion to approve the disconnection list as presented. Doyle Allison seconded the motion and all were in favor.

Council conducted the 2nd reading of the Water and Wastewater Rate Ordinances. There were no comments or questions.

Attorney Mallory Redlin discussed with Council a contract for exchange of property with Furpo, LLC. Questions were asked and Mallory stated she would have to get with Jud for further clarification. She informed the Council that Jud is still working on the County Boundary Lines. She presented a Business Ethics Resolution and an Resolution on Erroneous Variances & Losses. Those were tabled until the other council members and Clerk-Treasurer were present to discuss.

Ordinance 2016-0607A An Ordinance to Amend Title V, Chapter 53, Section 53.01 (A) and (B) of the Code of Ordinances of the Town of Otterbein to adjust Water Rates was presented. Richard Hadley made the motion to adopt Ordinance 2016-0607A. Doyle Allison seconded the motion and all were in favor.

Ordinance 2016-0607B An Ordinance to Amend Title V Chapter 51, Section 51.140 (C) of the Code of Ordinances of the Town of Otterbein to adjust the Wastewater Rates and Charges. Doyle Allison made the motion to adopt Ordinance 2016-0607B. Richard Hadley seconded the motion and all were in favor.

Kevin Burk read the summary of claims for a total of \$146,986.59. With no questions, Richard Hadley made the motion to approve the Claims as presented. Doyle Allison seconded the motion and all were in favor. In regards to the May 2015 Minutes, Richard Hadley made the motion to approve the May 2015 Minutes as written. Doyle Allison seconded the motion and all were in favor.

Town Administrator Ron Shoup updated the council on work being done throughout the town. Richard Hadley informed Marshal George Frantz that kids are congregating on Main Street late at night between midnight and 2:00 AM.

With nothing else to come before the Council, Richard Hadley made the motion to adjourn 6:37 PM Doyle Allison seconded the motion and all were in favor

SPECIAL MEETING OF THE TOWN COUNCIL

TUESDAY, JUNE 14, 2016 AT 6:00 PM

Council President Kevin Burk called the meeting to order at 6:03 PM with Vice-President Amy Brown and Member Richard Hadley present. Members Dirk Studebaker and Doyle Allison were absent.

The reason for the Special called meeting is to discuss a Stormwater drainage issue by the Otterbein Elementary School. The school contractor uncovered a storm drain that didn't appear to be hooked up. This is in an area where there tends to be flooding when it rains. Town Administrator Ron Shoup explained that the school contractor notified him and they will allow the town a few days to run a new line and hook to an existing drain to help the drainage in the area. He had spoken with the town engineer and it is suggested to use a 12 inch line. He presented 2 quotes. The first was from American Paving for \$8,225 and the second was from Rod Green Excavating for \$12,000. Amy Brown made the motion to have the work done by American Paving for \$8,225. Richard Hadley seconded the motion and all were in favor.

Ron Shoup then explained to the Council that he obtained a quote for asphalt repair on Kerkhoff Avenue and Brown Street from American Paving, while they were in town doing other work. The quote, for the 2 repairs, is \$6,275. Kevin Burk made the motion to have American Paving repair the 2 streets for \$6,275. Richard Hadley seconded the motion and all were in favor.

With nothing else to come before the Council, Amy brown made the motion to adjourn at 6:35 PM. Richard Hadley seconded the motion and all were in favor.

TOWN COUNCIL MEETING

TUESDAY JUNE 21, 2016 AT 6:00 PM

Council President Kevin Burk called the meeting to order at 6:00 PM with all members present.

Brian Kerkhoff, with KAC, presented to the Council that they would like a new road access from the Industrial Park to Oxford Street. This would keep all the semi traffic from the Kerkhoff plant area from having to come through town. They have spoken with Benton County and Tippecanoe County and are now presenting to the Town Council, the idea. He is not sure what the next step would be and is looking to the Council to see if they would be interested in such a project. The Council thanked him for his time and as more information is gathered, he is to keep them informed.

Kevin Burk read the summary of claims for a total of \$80,596.18. With no questions, Amy Brown made the motion to approve

the claims as presented. Richard Hadley seconded the motion and all were in favor.

Mike Turchi updated the Council on the WWT Pump Project. Final closeout issues are being worked out. Retainage continues to be withheld until everything is complete. He informed the Council that the Street Inventory Project is about 75% or better completed and they are on task to complete so that the application for street paving grant can be submitted by the deadline of July 29, 2016.

Clerk-Treasurer Treeva Sarles informed the Council that she has reached out to the Financial Consultant, London Witte Group, in regards to other funding available for the Street Lighting Project. There is still no indication if our funding application, that was submitted 15 months ago to Rural Development, will be approved or when. This project needs to be moving along so that other projects that need to happen can. The other projects would be the paving on Main Street and Oxford Street, in which we could put on our request for INDOT Street Grant Application if we knew that the street lighting project would be done. London Witte Group informed Treeva that we could go to the open Market for a 20 year bond for a little less than Rural Development, however Rural Development can be stretched to a 40 year bond. Originally, we requested a 40 year loan and the Interest Rate was 4%. Now that time has gone by, Rural Development interest rate is currently at 2.875% and Open Market 2.83 %. Which impacts the annual payment considerable; making it affordable to do a 20year bond instead of a 40 year bond. Other things to consider is Rural Development is Federal Funds requiring much more reporting; and the project has to be approved before we can even begin using our local match on design. Open Market bonding has less reporting and we can start design immediately, with local funds. Her recommendation would be to stop the application process with Rural Development and hire London Witte Group to begin the open market bonding process so that this project can finally get completed. Richard Hadley made the motion to proceed with stopping the Rural Development application and proceed with funding through the open market bonding, with the assistance of London Witte Group. Dirk Studebaker seconded the motion and all were in favor.

Treeva updated the Council on new laws passed, affecting the town, that she learned about at the State Board of Accounts training she attended.

Town Administrator Ron Shoup presented information about putting a vending machine at Thompson Park. The Council had a lengthy discussion regarding it. The Council asked him to get more details regarding the contract with Coke and get opinions from other business owners, in the downtown area. A decision was tabled. Ron updated the Council on work being completed in town. He informed the Council he is working with Benton County on the 4th Street ditch issues. He requested to rent a bobcat from Bobcat of Lafayette for 1 month and some different attachments for it, for a few days. The total would be \$2,310. He presented the Council with a long list of items that can be done in house with that equipment. Dirk Studebaker made the motion to rent the equipment from Bobcat of Lafayette for \$2,310. Amy Brown seconded the motion and all were in favor. He presented a quote that listed an hourly amount, based on different types of work, from Drainage Plus to do storm drain cleaning. Amy Brown made the motion to have them clean the Stormwater drains, not to exceed \$3,000. Doyle Allison seconded the motion and all were in favor.

Attorney Jud Barce hasn't done anything with the contract with Furpo, LLC because he needed more guidance from the Council. The Council spoke of a diagram that was presented at one time. The Council wants to be assured that it's in writing as to how it would appear. They also wanted a clause about how the property will be maintained in the future years. Jud will work up a draft and email to everyone for review. Jud presented Resolution 2016-0621A Resolution to Amend the Business Ethics and Conduct Policy of the Town of Otterbein. Amy Brown made the motion to adopt Resolution 2016-0621A. Doyle Allison seconded the motion and all were in favor. A Resolution 2016-0621B – A Policy Regarding Erroneous or Irregular Variances, Losses, Shortages and Thefts for the Town of Otterbein, was presented. Dirk Studebaker made the motion to adopt Resolution 2016-0621B. Doyle Allison seconded the motion and all were in favor. Resolution 2016-0621C was presented which is an Internal Controls Policy. Richard Hadley made the motion to adopt Resolution 2016-0621C. Amy Brown seconded the motion and all were in favor. Lastly, Jud explained he had talked with several, about the county line boundary and that he was waiting for one more piece of information and then he would be setting up a meeting for July.

Under new business several residents were present regarding vicious dogs in town. There has been a couple residents walking their dogs in town and their dogs were attacked by other dogs at large. Both dog attacks ended in emergency care for the dogs being walked by their owners with severe injuries and one of the owners being bit as well. Another resident was present due to her child being bit by a dog at large. These residents are requesting the Council do something about vicious dogs in town. Some residents, present, wanted certain breeds banned from town. However, other residents didn't want to ban any breed, just all vicious dogs. The Council, Town Marshal and Attorney have been reviewing other town's ordinances. The Council is very sorry for these incidents and is taking it seriously. They do not feel that any breed needs to be banned and are looking at ways to handle vicious animals in general. They also feel that residents should be able to walk in town without being fearful. Things discussed were: if a dog is deemed vicious, which will be defined, they have to be contained in a described confined area. Property would have to post that a vicious animal lives at that property. If off their property, the animal would have to be muzzled. Fines will also be looked at, as well as if repeat offenses occur then having the dog removed. Jud will draft an ordinance and get it to the Council before the next meeting.

Lastly, Ron and Treeva spoke about the 2016 street funds available and what is being allowed to be used for local match for the INDOT grant. The Council agreed to the proposed moving of funds to a Restricted Rainy Day fund as the state is allowing. Jud will prepare the Resolutions for those changes. Ron will proceed with getting quotes for this year's remaining available funds.

With nothing else to come before the Council, Dirk Studebaker made the motion to adjourn at 8:12 PM. Doyle Allison seconded the motion and all were in favor.

Library News

Special Wednesday Programs at 11:00am:

July 6th, Story-Yoga with Danielle Sims. Introduce your kids to the benefits of yoga, great for all ages!

July 13th, Summer Eats! with Purdue Extension. Yummy summer time recipes that the whole family will enjoy.
